ALIENS WHO ARE MEMBERS OF THE COMMUNIST PARTY
SECURITY MATTER - C

Reurlet dated May 16, 1949, wherein you requested Bureau authorization to furnish to the Immigration and Naturalization Service the names of aliens who were known to be members of the Communist Party.

In connection with this matter, your attention is invited to SAC Letter #137, series 1947, dated October 20, 1947, wherein you were instructed to bring to the Bureau's attention the identity of any individual who you felt could be deported if he was an alien, and any individual who you felt could be denaturalized and then deported if he was a naturalized citizen. It is assumed that you have complied with the instructions set forth in the referenced SAC Letter. You may be assured that if you did so comply with the instructions that this information be brought to the attention of the Bureau at that time, then this information was brought to the attention of the Immigration and Naturalization Service at that time. If you have any information concerning other individuals which has not been brought to the attention of the Bureau, then you should forward such information to the Bureau immediately at which time it will be brought to the attention of the Immigration and Naturalization Service at the Seat of Government.

RE: ALIENS WHO ARE MEMBERS OF
COMMUNIST PARTY

Dear Sir:

Mr. John M. Daly, Inspector, Immigration and Naturalization Service, Boston, Mass., requested that the local office of the Immigration and Naturalization Service be furnished with the names of aliens who were known to be members of the Communist Party. Mr. Daly stated that his service would use the information as a possible basis for deportation proceedings against the alien Communists.

The Bureau is requested to advise the Boston Office whether or not it would be permissible to give this information to INS. No elaborate review of the files is contemplated.

It is believed that it will only be necessary to review the Security Index Cards and list those subjects who are aliens.

Very truly yours,

E. A. Soucy

REGISTRATION TAGS ON CARS OWNED
BY COMMUNIST PARTY MEMBERS,
REQUEST TO MAINTAIN SEPARATE INDEX
SECURITY MATTER - C

Reurlet dated November 30, 1951, requesting authority to maintain a separate index on the registration numbers of automobiles owned and operated by Communist Party members in the New England area. The Bureau does not feel that the benefits to be gained from the proposed index will offset the administrative time required to keep such an index current at all times, particularly, since you propose to index license numbers from states other than Massachusetts where automobile license numbers change from year to year.

If you desire to index license numbers issued to various Communist Party members in your general indices, the Bureau has no objections.

Many State Motor Vehicle Registration Bureaus furnish to law enforcement agencies a complete list of the motor vehicle registrations within the state and if you have not previously inquired as to whether such a list could be made available to you, it is suggested you might desire to do so.

If such a list is available it could be maintained in any convenient place in your Office and not only serve the purpose for which you desire a special index relating to license numbers on Communist Party members but would give you a check of all registrations within the state which would be readily available to you.

REGISTRATION TAGS ON CARS OWNED
BY COMMUNIST PARTY MEMBERS,
Request to Maintain Separate
Index On.
 SECURITY MATTER - C

Bureau authority is requested to maintain a separate index on registration tags (and automobiles) owned and operated by Communist Party members in the New England area. The proposed index would be maintained in two sections: 1. By registration number with identifying information appearing on this index card as to the owner, his address, and the make of car he owns;

2. Alphabetical listing of C.P. members followed by their address and the registration number ~~EXPEDITE PROCESSING~~ cars they own or operate.

The purpose of this index is to facilitate the ease of checking registration tags in the event they are needed, particularly during surveillance. Such an index would not be cumbersome and would be maintained in a box similar to the roadwork box or the informant index box. This could be readily removed to the Radio Room in the event of a surveillance, to assist the surveilling Agents when they find it necessary to make a radio inquiry as to the owner or operator of a car appearing upon the surveillance scene unexpectedly and which might be in contact with the surveilled party. The task of maintaining such indices in current status should not prove formidable in this area. The great majority of these cars will bear Massachusetts registration numbers. These registration numbers, according to information received from the Registry of Motor Vehicles, will not be changed from year to year in the future. For the purposes of this index, therefore, it would be only necessary to check with the Registry annually to make sure that the registration tag has not been transferred to a new owner.

This index, if approved, will be governed by the same security regulations within the Boston Office as applied to Security Index cards and the Informant files.
